Home Group Questions and Discussion

October 14, 2012

1. What has been your biggest takeaway from the Double Crossed series?
2. Read Ephesians 3:16-21. Verse 16 talks about being empowered by the Holy Spirit. What is an example from your own life when you didn't feel like you had the inner strength on your own?
3. Verse 17 tells us our hearts are strengthened by Christ and nothing we do on our own. What do you find that you rely on for strength? How different would it be if you fully relied on Christ?
4. Verses 20 and 21 talk about the power of changed hearts in a group context. Why is it so easy to default to Christianity being a private (rather than public) part of your life? How would your effectiveness to impact others increase if you changed this way of thinking?
5. God wants to accomplish infinitely more than we can even ask or think. What are you currently asking God for? If you had a changed heart and allowed him full control what might he want to do that is even more than you can ask?
